VICONIC® FALL DEFENSE™

Backed by Real-World Results

Independent, community-based data shows that rooms with Viconic Fall Defense are overwhelmingly safer. The numbers below tell the story: fewer ER visits, fewer falls with major injury, and better outcomes for residents and providers alike.

Rooms with Viconic: Safer by Every Measure

	Without Fall Defense	With Fall Defense	
Rooms	537	74	
Total Falls	2973	624	
Injuries from Falls (minor & major)	570	72	
Percentage of Falls with Injury (minor & major)	19.2%	11.5%	40% ↓
Falls with Major Injury*	122	3	
Percentage of Falls with Major Injury*	4.1%	0.5%	88% ↓
Fall-Related ER Visits	185	11	
Percentage of Falls with ER Visits	6.2%	1.8%	72% ↓

Composite Provider Partner Fall Data from January 2021 - August 2026
*Includes fracture and head trauma

The Viconic Value Proposition

- **Proven Protection:** 88% reduction in falls with major injury and 72% fewer ER visits.
- **Resident-Centered:** Helps preserve independence and quality of life.
- **Provider Confidence:** Reduces liability, costs, and stress on staff.
- **Designed to Fit:** Seamlessly integrates in both new construction and remodels.

> "What we're seeing is fewer people going to the ER—and even fewer with serious injuries. That speaks volumes." — *Steve Muller, COO, Garden Spot Village*

With Viconic Fall Defense, fall protection is built in—under every step.
